## **Chartering & Brokerage**

**Malar Shipping Services provides a worldwide ship broker and chartering service. Chartering vessels for project cargo, heavy lifts, break bulk cargo and dry bulk cargo such as minerals, logs, fertilizers and grain. Malar Shipping Services is a totally independent company so we are able to use our extensive international network of cargo interests, co-brokers, ship owners and operators to match the right cargo with the right ship for you.**

**We can assist you with any size of project cargo or heavy lifts through to full handy size, handymax, panamax and cape size bulk ships. Chartering vessels is what we do, which allows you to focus on your business. We are based in KANDLA, so the Asia-Pacific region is our home ground but we are experienced at fixing ships world-wide.**

**Ship brokering and Chartering is a vital part of the business. Being active ship agents for years we have extended the range of services offered to ship owners.**

- We foster close relationship with leading ship-owners, operators, traders and co-brokers worldwide.**
- We have strong harbour relationship with Indian shippers & consignees.**
- We deal in bulk, dry bulk, general / project cargo.**
- We ensure that Principals vessels opening in and around India get the best possible fixtures.**
- We are actively involved in all aspects of brokering, from spot market fixtures to long term charters and contracts.**

## **Stevedoring & Port handling**

**We Malar Shipping Services With a team of personnel together accounting for a cumulative experience of years, we are a force to reckon with in the field of stevedoring. We facilitate time bound stevedoring operations with trained personnel who take care of the complicated operations. Experienced supervisory staff and front line executives man the docks all round when the stevedoring activities are taking place, ably assisted by machinery and gear, all planned to work towards timely handling of cargoes.**

**Our Stevedoring teams have learnt the skills by sheer hard work, with a foundation going back to decades; we ensure timely loading and unloading of cargoes, with captive resources of logistics. We regularly handle a range of cargo's, like coal, food grains, steel cargoes, containers, timber logs, Iron Ore pellets, feldspar, bentonite, minerals, fertilizers etc.**

**Be it a over side barge operation at the General cum bulk cargo berth at Kandla/Mundra, or timber logs handling in the inner/outer harbour, or coal lightering and complete discharge in record time, or handling of containers including stuffing and de-stuffing matching the schedules of liner vessels, or anchorage operation of food grains export at the Kandla/Mundra Port, whatever the operation may be, we have left an indelible impression of operational efficiency and imprints of quality and commitment towards work, and titans of the industry both in public and private sector or our principals over a period of years.**
